Coal City	0	0	0

This was an important game for us to win for us to continue to have a good standing in the conference. We played probably our best soccer of the season tonight. All of the pieces were working together. We were playing unselfishly and moving the ball quickly which lead to shots and goals. Our defensive line played great and shut down their offense quickly. Puga was able to get another shutout. Despite the cold and rain, our guys looked like a really polished team tonight.
