Coaches Comments: (Regional Game)

This was our first game in the post season. This was a fun game for us to play. We beat Newark at the beginning of the season and knew that we could do it again. Our focus today was to work on what works for us as a team. We wanted to see the ball on the sideline and crosses into dangerous positions. That's what we did. We also wanted to work on switching of play. We had a good crowd for this regional game and that helped the guys keep up intensity through the entire match. Looking to clean up a few more things as we prepare for the next round against Somonauk on Tuesday.
