Comments:

Very hard and frustrating game for us tonight. We played very well tonight I believe. We knew that Somonauk is a skilled team. We trained and prepared for them as best we could and we saw a lot of success in areas that we have had trouble with in the past against them. We had the wind with us the first half and that helped us a lot. We had several shots and were able to score first. The second half they had the wind advantage and so we had to play much more defense. We had some absolutely terrible officiating and directly caused two of their goals. It was unfortunate to have officials impact the game as they did, but ultimately we just could not put enough goals in the net. Our guys played their hearts out and gave everything they had. I am very very proud of our guys this season, the progress they made as a team, the growth that we saw in them, and their effort. They are continuing to build Plano Soccer and get more and more people interested in the program. Our fans were great this year and we are grateful for their support.
