Overall comments:

Our mission coming into this tournament was to take second place. We knew that we probably would not beat Somonauk, so we set a reachable goal of two wins. We accomplished that goal and I'm very proud of our men today. We were able to move the ball well today using different combinations between our forwards and Midfield players. Edgar was the foundation of our defense and has become a dangerous free kick shooter. He was able to place a nice ball in the net on Somonauk off a free kick. Our players are playing with confidence and more importantly within their strengths and abilities. We know what are and are not capable of doing on the field. It is good for our guys to experience some success after a few seasons of struggle. This is also my first time as a coach to beat Reed Custer, so that felt pretty good as well.
