Coach's Comments and Highlights:

Our squad was ready to play today. We noticed that after playing Manteno that we need to become more passing focused. We worked on that in practice and executed it today against Serena. Our guys played off of each other well and were able to create many scoring opportunities. Our defense was very strong as well, allowing few chances for Serena. This is probably one of our best performances of the season. It was good to get some goals in the net after nearly a week of not scoring.
